Meeting opened with a prayer by Vice President Chigas.

PRESIDENT'S REPORT

Pres. Osborn reported on his activities over the past month:

- Attended the Postal Workers Convention. They pledged more participation in the Council.

- Met with John Sasso on the tax cut referendum, and met with labor people from the public sector to explain to them the danger of some of these cuts.

- Met with New England Coors boycott committee. Plans are to reach out to each affiliate to appoint a coordinator. Some bars have already excluded Coors and it was suggested that placques should be made up for them. Also fact sheets could be made up for the customers explaining the Coors situation.

- Discussion on the cancellation of the Labor Day parade due to lack of interest in participating. After investigation, the Parade committee decided to cancel. A letter will be sent out to all the affiliates bringing a Labor Day message urging them all to take part in their local Labor Day celebrations.

- Met with Building Trades, Exec. V.P. Evers, in a workshop type meeting on the upcoming problem of Prevailing Wage issue.

- Possibility of having a Mass. AFL/CIO history fact brochure was discussed - this would be designed to use in the classrooms and available by sale to train stewards and also for the information of the rank and file. Pres. Osborn invited this group to meet with the Executive Officers on this matter.

- Attended various meetings with the Convention Authority, meetings on foreign trade and to promote jobs in Massachusetts.

- Attended Health Council meetings.

- Attended the Building Trades picnic, a first class effort.

- Met with Department of EOL on Workers Comp. This has to do with affordable housing for middle income people. Pres. Osborn has been meeting with Bob Minichelli, Tom Evers and others and will set up additional meetings with government people. This program

was explained to the Council.

- Attended the Northeast Council meetings in Boston -- Pres. Osborn explained the Northeast Council to the new members. Reported on the media presentation at this meeting and how valuable it was to all who attended.

- Met with President of Local 122 Teamsters Union. Talked about doing a joint radio type thing on Coors with us. If this develops the Council members will be advised.

- Explained the situation with JTPA where the jobs overlapped with the EOL and Dept. of Economic Affairs. An agreement was worked out on identification of duties.

- Pres. Osborn discussed the Education Program and the fact that Joe O'Donnell was resigning his post on this Committee. The Program is now co-chaired by Sec.-Treas. Carpenter and Carl Proper. The major task of the Committee is to try to get the History of Labor into the classrooms. Pres. Osborn mentioned he thought it would appropriate to name Joe O'Donnell Chairman Emeritus.

MMS to have Robert Banks appointed as a member of the Education Committee. So voted.

- Pres. Osborn spoke at the Women's Institute at Amherst -- one of the subjects discussed was the effect the advancing technology will have on women, since many of them hold jobs in that area. Point was made at this seminar for women to broaden their horizons, by getting involved in the issues, Prevailing Wage, Workers Comp., etc. Pres. Osborn related he was enthusiastically received.

- Pres. Osborn reported on the grassroots program -- he has gone around the state on the legislative agents program and he thanked Martin Foley for his efforts in this matter.

- Pres. Osborn advised that he has been working on the MIFA guidelines, updating them.

- Pres. Osborn attended a breakfast with some of the Executive Officers, the Secretary-Treasurer and others with Cardinal Bernard Law. He felt this was a very productive meeting and Cardinal Law has agreed to bring some of our important messages to the public through his address at the Convention. The media will cover this address. Pres. Osborn advised that the Cardinal understands the trade union movement.

- Pres. Osborn advised that by the Constitution we should have a Housing Committee. Discussed the goals of such a committee and plans to revive it in the Mass. AFL/CIO Council.

MMS to appoint Tom McIntyre Chairman of the Housing Committee, and to urge others to volunteer to serve on this. So voted.

At this time, V.P. Faherty volunteered; Pres. Osborn advised that Paul Connolly also expressed an interest.

MMS to have V.P. Faherty and Paul Connolly on the Housing Committee. So voted.

Pres. Osborn advised he will be in Springfield on Labor Day and Sec.-Treas. Carpenter will be in Boston at the Labor Day Breakfast. Marty Foley will represent the Council at Worcester.

MMS to approve the placement of a name to the Governors Committee on Building Codes. So voted.

Much discussion followed on the Dept. of Public Utilities decision not to charge the consumer for the conversion from oil to coal and this causes problems for the Plumbers/Pipefitters and for the Building Trades generally.

Exec. V.P. Evers said he thought it should not be the stand of Labor that the consumer should have to pay for the conversion.

V.P. Joyce informed Council of Canada's plan to bring gas into New England to be processed. He warned of dependence on Canada for energy.

V.P. Ferin was not aware of this passing on of construction cost to consumers.

After much discussion a motion emerged.

MMS to allow the Mass. AFL/CIO to start proceedings to hold a jointly sponsored seminar with state and union officials and that the Mass. AFL/CIO be involved in planning this. So voted.

Pres. Osborn advised he met with NAGE -- advised there are 36,000 members out there and an application form was sent to them.

Pres. Osborn advised that there is a possibility that the Graphics Communication Workers will be coming back into the Mass.-AFL.

Pres. Osborn expressed his disappointment that more locals and vice presidents did not return the raffle books sent out to them to support the grassroots program.

Much discussion took place on the Closing of the Quincy Shipyard. V.P. Piccuito spoke, asked everyone to take petitions for signature and asked for participation in the rally which is to take place in Quincy Center on August 26th. He explained the situation at the yard and the lack of help his union has received from Congressmen.

MMS to have an affiliate mailing sent asking locals to join in the petition drive and to support the rally. So voted.

V.P. Alman spoke on the subject of industrial jobs being diminished and the fact that the re-training programs established cannot re-train workers for comparable jobs, since there are no comparable in pay jobs for these displaced workers. The whole issue of retraining should be looked into.

V.P. O'Brien said he has a meeting with Congressman Conte next week and will raise this issue.

Pres. Osborn said that Conte did respond to his calls.

Pres. Osborn advised that the fight is on in areas of Prevailing Wage and Workers Comp. The corporate people are going to the public on putting them on a referendum. The President asked for increased support on these issues. Solidarity is needed now more than ever.

MMS to resolve that Mass. AFL/CIO Executive Council members do not use the title of their elected position on this Council on any other groups' letterheads, flyers, communications,

etc., unless authorized action has been taken by the Mass. AFL/CIO Council. Also, this motion restricts the use of titles for identification purposes only. Passed unanimously.

V.P. Faherty suggested that anyone who serves on a committee should use their other union title, not their title as Executive Officer or Vice President on the Council.

Pres. Osborn noted that some Vice Presidents should re-think their involvement in the Council and when requested to attend committee meetings, rallies, etc., perhaps should send a representative in their place when they, themselves, cannot attend.

MMS to accept the President's report. So voted.

SECRETARY-TREASURER'S REPORT

July financial report noted.

The June report is at the CPA, and the Secretary-Treasurer explained he will have it for the next Council meeting.

Several items were explained on the financial report:

- #9 - Printing costs of \$8,000 encompass printing of directories and printing for the scholarship program.

Sec.-Treas. Carpenter reported on his activities over the past month:

- Attended the breakfast with Cardinal Law and was pleased that the Cardinal gave the group two hours of his time. He was very impressed with the Cardinal and Pres. Osborn agreed to send him a summary of our Workers Comp. position. The Cardinal agreed to help us get more coverage on the issue at our Convention.

- Attended the Northeast Council meeting and felt this was a first-class seminar. Tentative plans call for a mini-workshop on how to conduct oneself in the media, at next year's Gompers Murray Institute.

- Working on the project to appoint a statewide labor liaison for the United Way. The Sec.-Treas. has received approval of the program from the Presidents of the C.L.C.'s. Dates and names of people will go out -- financial support needed.

- Sec.-Treas. Carpenter advised he has been working on the MIAB which is the board which oversees the new plant closing law and makes recommendations to the Governor. Updated the Council on the plant closing law and the numbers and percentages of unemployed union workers who have taken advantage of the benefits. Health care benefits discussed.

- Retraining program discussed.

- Ad Book Program. Thus far, 18 ads for 1986 for a total of \$8,000.

- Affiliation - Efforts to bring members of the Newspaper Guild into the Mass. AFL/CIO discussed.

- Report on the purchase of a building for Mass. AFL/CIO headquarters. Sec. Treas. Carpenter reported on all the dealings so far in this project. Several Vice Presidents concurred with George Carpenter's findings; Exec. V.P. Lydon mentioned that since Center House had an "in" on the building, he felt the Mass. AFL/CIO should discuss things with both Sen. Pres. Bulger and Mayor Flynn.

Vice Pres. Alman inquired as to whether or not there would be a per capita increase as a result of this building purchase.

Sec.-Treas. Carpenter explained that the worst thing that could happen would be that should there be a decrease in revenue, the building would have to be sold by the Council. In this case, the Council could be assured of a one million dollar profit. S.T. Carpenter felt he would not have to request a per capita increase.

After much discussion a motion was made.

MMS to authorize Secretary-Treasurer Carpenter on behalf of the Mass. AFL/CIO Council to sign the necessary papers to procure the building at 44 Temple Place, and for an escape clause to appear in the agreement that our purchase is contingent upon the report of a structural engineer and a professional leasing firm. So voted.

Sec.-Treas. Carpenter said he will send out pro formas on the building to the members of the Council as soon as possible.

Pres. Osborn voiced his reservations on the purchase of the building -- Since it is a one million dollar venture, he questions the availability of tenants, occupation by February, 1986, membership decrease, the greater distance from the State House than now.

Sec.-Treas. dispelled fears of unavailability of tenants -- saying that in the financial district the rents are \$70 to \$80 per sq. ft., and since the rents would \$20 in this building, there should be no problem. Also, Locke-ober's has expressed an interest in occupying the first floor of this building.

Christmas gifts of blazer jackets discussed.

V.P. Faherty discussed briefly the United Way and said he has volunteered to serve on the Citizens Review Committee. Asked for support of other vice presidents.

MMS to accept the Secretary-Treasurer's report. So voted.

Exec. V.P. Evers asked to have some sort of demonstration in the fall focusing on the grave problem of the exporting of American jobs and he indicated that National AFL/CIO could possibly do more to bring this problem to the forefront.

Pres. Osborn advised that he will address this problem at the upcoming IUD meeting but he cautioned against having another rally since the last one was not well received.

V.P. Alman suggested having something in coordination with the October Convention since all the delegates would be on hand to participate.

V.P. Leblanc indicated that the petition drive would be the way to go.

V.P. Fonseca discussed briefly plant closings and the fact that he tried to involve politicians in his meetings to address this problem but got little or no response from them. He was very disappointed.

V.P. Thompson suggested getting veteran's organizations involved in whatever action we take since many of them are affected by this export of jobs -- he suggested perhaps getting a coalition formed.

Pres. Osborn agreed with V.P. Thompson and said the rejuvenation of the IUD Dept. could be one of the goals of the Mass. AFL/CIO.

MMS to have a demonstration but to leave the planning up to the Executive Officers and also work to involve the Veterans organizations, inviting them to march. So voted.

LEGISLATIVE REPORT

Director Foley advised that the Legislative Sessions have ceased for the summer and this has been the slowest session in 20 years. As of July 1, 86 pieces of legislation have made their way to the Governor's desk, and over 50 of these dealt with special legislation.

Dir. Foley advised that as soon as the Senate is back after Labor Day, we will have a great many bills going to both branches.

Dir. Foley reported on the following items:

- VDT Study Commission - Rep. Suzanne Bump of Braintree is the Chairman and wants to meet on August 22nd, and she hopes to report out by mid September.
- Minimum Wage - This bill should be on the floor in the fall with sufficient votes to pass.
- Personnel Records Bill - early in the fall.
- Lockout Bill - This bill will be controversial.

- Workers Comp. - This bill ties in with the referendum ballot question. There are three bills involved, the Osborn/Bassett bill, the AIM and the Governor's. The Committee will report out its own bill based on these three. This should happen some time in mid September, and it may be that something different from all three bills. AIM wants its bill on the ballot.

Much discussion took place on this Workers Comp. bill. Pres. Osborn advised that if they could come up with a Committee Bill that is acceptable to us with minor amendments, and if we could get the Governor behind us, we could go forward to defeat AIM's referendum.

Pres. Osborn said he plans to call a meeting of the Workers Comp. Committee.

V.P. Thompson advised that he will be meeting with the Governor and labor leaders from Western Mass. in Springfield next week and asked Dir. Foley what position he should take. Dir. Foley replied that there is no Governor's bill and suggested that V.P. Thompson could ask the Governor will he support the Commerce & Labor Committee.'

CUB legislation discussed and Mass. AFL/CIO Council has been requested to table a vote on their position on this -- requested by Rep. Blanchette.

Dir. Foley spoke on ABC proposed referendum which includes:

1. Statewide survey on prevailing wage.
2. Million dollar threshold

3. One apprentice to one journeyman ratio.

Exec. V.P. Evers stated that the Building Trades will not fight the signature drive but will fight question on the ballot.

Pres. Osborn stated that this is a major problem for the entire trade movement although it affects the Building Trades more than others.

Dir. Foley advised that a final referendum to be placed on the ballot will deal with tax cutting. The repeal of surcharge on income tax, will probably be repealed this session. If a cap is put on the growth of state spending, this will affect the budgeting of items like staffing for right to know and the Dept. of Labor and Industries. Referendum must be defeated.

MMS to accept the Legislative Report.

Pres. Osborn introduced John Laughlin who works out of the Mass. AFL/CIO office on the B.C. grant and John explained his work. His project is basically to educate workers as to where they can go to get help in different areas -- for example, in the field of education and worker re-training. He has worked with the ILGWU, SEIU, UAW, and the Shipyard workers. John explained the Career Ladders Program at SEIU, which has to do with workers moving up in their jobs for more pay, better living conditions, etc., and he has worked with the City of Boston on this program.

John also explained how he worked with members of the ILG on an education manual for Southeastern Mass. Univ. This would help direct the membership to take advantage of educational opportunities.

Pres. Osborn praised John for his efforts in this project.

Pres. Osborn thanked everyone for coming to the meeting and Charles Thompson for making the arrangements for the meeting.

Roll Call.

Meeting adjourned at 2:00 P.M.
